

# Research-based Calendar 2024

A research-based calendar was published by post-graduates students of Centre for Plant Conservation and designed by Abrar Ali. It contains more than 100 pictures of wild plants with scientific names of conserved in Prof. Dr. S. I. Ali Botanical Garden. It's a kind of guide to help teachers, students and researchers of various applied science department in plants identification.

**Conservation of wild plants not only increases the beauty of gardens but also promotes biodiversity for the future**
